

Pupil premium strategy statement – Weston Infant and Junior Academies 21-24

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

£2345 = £4690 + 1 x
service child = £335

Part A: Pupil premium strategy plan

Statement of intent

Our objective is to use high quality teaching to support our disadvantaged pupils to achieve at least expected attainment in Reading, Writing and Maths when compared to their non-disadvantaged peers.

The latest national data shows that disadvantaged pupils still fare less well than non-disadvantaged pupils, this may in part be due to their experiences during lockdown.

During the period of this strategic plan we will focus on the key challenges preventing our disadvantaged pupils from attaining well: post covid recovery and learning stamina, attendance, oracy and vocabulary skills, early reading and phonic skills and the development of parental confidence when supporting their child's learning. Developing these skills will also impact on attainment in maths as the children will be able to access the maths curriculum through their vocabulary development and parents will be more confident when supporting their children.

Our approach will focus on both the common challenges faced by our disadvantaged pupils but also recognises that pupils may also face individual challenges.

As a school we will intervene as soon as a point of need is identified – through assessment, diagnostic practices or analysis, for example, of attendance data. The whole school staff take responsibility for improving outcomes for our disadvantaged pupils and have high expectations for their achievement. This is a whole school approach where consistency and expectations will support the development of all pupils, including disadvantaged pupils.

At Weston Infant Academy at the end of 18-19 (last full year of data) the gap between Pupil Premium and Non Pupil Premium pupils was -17% in Reading, -16% in Writing and -13% in Maths. At the end of July 21 our internal data showed a gap of -15% in Reading, -12% in Writing and -18% in Maths. The Maths gap reflects the national trends following the global pandemic. At the end of July 2022, the gap between Pupil Premium pupils and Non Pupil Premium pupils was -20% in Reading, -20% in Writing and -27.2% in Maths. Therefore, this shows the impact that the pandemic had on widening the gap. At the end of July 2023, the gap between Pupil Premium pupils and Non Pupil Premium pupils was +0.4 in reading, +3.6 in writing and +0.4 in Maths, demonstrating that Pupil Premium pupils outperformed non-Pupil Premium pupils and that the strategies used have had a direct impact on pupil outcomes.

At Weston Junior Academy at the end of 18-19 (last full year of data) the gap between Pupil Premium and Non Pupil Premium pupils was -18% in Reading, -2% in Writing and -31% in Maths. At the end of July 21 our internal data showed a gap of -34% in Reading, -26.6% in Writing and -52.8% in Maths. The internal data shows that the gap had widened in all areas, particularly in Maths. At the end of July 2022, the gap between Pupil Premium and Non Pupil Premium pupils was +3.5% in Reading, +11.3% in Writing and -14.8% in Maths showing that the targeted interventions that we put into place were successful for that cohort of pupils. At the end of July 2023, the gap between Pupil Premium pupils and Non Pupils Premium pupils

was -20.9 in reading, -8.6 in writing and -18.1 in maths, which demonstrates that the gap had widened for this cohort in comparison to the previous year's data and that ensuring best outcomes for Pupil remains an area of focus.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<p>Post Covid Recovery:</p> <p>During periods of lockdown as a direct result of the Covid 19 pandemic not all pupils accessed remote learning or attended school. This has had an impact on their learning stamina, readiness to learn and their attainment.</p>
2	<p>Attendance percentages and levels of persistent absence:</p> <p>At Weston Infant Academy our end of 2021 attendance data showed that 23.9% of all statutory school aged Pupil Premium pupils were classed as PA compared to 7.6% of all statutory school aged non Pupil Premium pupils. At the end of 2023, 9/33 27.3% of all statutory school aged Pupil Premium pupils were classed as PA compared to 14/111 12.6% of all statutory aged non Pupil Premium pupils. Therefore, the attendance of Pupil Premium pupils remains an area of challenge at the Infant site.</p> <p>At Weston Junior Academy our end of 2021 attendance data showed that 18.2% of the Pupil Premium pupils were classed as PA compared to 2.3% of the non-Pupil Premium pupils. At the end of 2023 attendance data showed that 16/68 23.5% of the Pupil Premium pupils were classed as PA compared to 15/176 8.5% of the non-Pupil Premium pupils. Therefore, the attendance of Pupil Premium pupils remains an area of challenge at the Junior site.</p>
3	<p>Parental engagement:</p> <p>During lockdown not all parents were able to support their children to complete their work. On returning to school in September 2021 a joint approach to learning needs to be re-established.</p>
4	<p>Oracy and vocabulary:</p> <p>At Weston Infant Academy, on entry language assessments undertaken in Nursery and Reception showed that in 18-19 88.8% of our Pupil Premium Pupils were below age related expectations. In 19-20 100 % of our Pupil Premium Pupils were below age related expectations. Although this only equates to 3 pupils.</p> <p>At Weston Junior Academy, a vocabulary assessment of the Year 6 cohort in October 2020, using BPVS showed that non-Pupil Premium children scored an average of 10 years and 2 months compared to Pupil Premium children who scored an average 8 years and 6 months (a gap of -1 year 8 months).</p>
5	<p>Early Reading Skills:</p> <p>At Weston Infant Academy, on entry to Nursery our assessments show that the majority of our Pupil Premium Pupils are working at below age related expectations. The last Phonics Screen (Dec 2020) 77.2% of all pupils screened in Year 2 attained a pass compared to 78.8% nationally. 24.6% of</p>

	<p>Pupil Premium pupils passed the phonic screen as compared to 52.6% of non-Pupil Premium pupils a gap of 28%. In December 2021, 60% of pupils passed the Year 2 phonics screen. 38.4% Pupil Premium pupils passed compared to 67.5% of Non-Pupil Premium. In June 2022, the phonic screen results were low for all pupils with only 57% of Year 1 pupils passing the phonics screen. 18 months after the implementation of Monster Phonics 78% pupils passed the phonics screen. 50% (5/10) of Pupil Premium pupils passed the screen in comparison to 88.8% (24/27) of non-Pupil Premium pupils.</p> <p>At Weston Junior Academy, some Y3 pupils continued to access phonic interventions and use decodable reading books in 2021/2022. In 2023, fewer pupils in Y3 needed this support.</p>
6	<p>Maths Skills:</p> <p>At Weston Junior Academy the Key Stage 2 2019 end of key stage data for mathematics showed a gap of -31% (Pupil Premium Pupils 53% vs non-Pupil Premium Pupils 84%). At the end of 2023 the gap was -18.1% (61.9% vs 80%)</p>

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Pupils stamina and readiness for learning will be improved.	Our disadvantaged pupils will be ready for learning, they will be able to focus quickly on the task in hand and make at least expected progress from their starting points due to effective high quality teaching.
The attendance levels of our disadvantaged pupils will have improved, with fewer falling into the PA category.	<p>Attendance for our disadvantaged pupils will be at nearer to, or in line with their non-disadvantaged peers.</p> <p>At Weston Infant Academy end of year 2018-19 school year Pupil Premium attendance was 92.2%, at Easter 19-20 94.9% and at the end of 20-21 it was 93.9%. At the end of 22-23, it was 90.6%.</p> <p>At Weston Junior Academy the end of year 2018-19 school year the Pupil Premium attendance was 90.3%. At Easter (2019-20) it was 93% The end of year 2020-2021 attendance was 92.2%. At the end of 22-23, it was 93.3%.</p>
Disadvantaged pupils will have improved oracy skills and use a wider range of vocabulary, with confidence.	At Weston Infant Academy at the end of the EYFS the gap between the percentage of disadvantaged and non-disadvantaged pupils achieving the Early Learning Goal in Communication and Language will have narrowed, at the end of 18-19 the gap was 34.5%.

	<p>At Weston Infant Academy the Early Communication Screen and Nuffield Language Programme will be used to support language development in the EYFS. Standardised tests such as BPVS will be used to assess vocabulary across the Federation.</p> <p>At Weston Junior Academy pupils who have achieved low scores on the BPVS will access Talk Boost and other interventions such as Oral to Narrative and Language for Thinking if appropriate. Talk Boost is being delivered to 9% of PP pupils and 4% of non PP pupils and will show an increase in BPVS scores.</p>
The early reading skills of disadvantaged pupils will have improved.	<p>At Weston Infant Academy the Key Stage 1 phonic screen will show a closing of the gap between disadvantaged and non-disadvantaged pupils. The November 19 mock screen showed a gap of 16.7% and the December 20 screen showed a gap of 28%.</p> <p>At Weston Junior Academy the termly phonic assessments in Y3 will show an increase in the percentage of PP pupils' ability to read ph3/ph5 phonics, in the targeted groups.</p>
The maths (arithmetic and reasoning) skills of disadvantaged pupils will have improved.	At Weston Junior Academy the Year 6 data points during 2021/22 academic year will show a closing of the gap between disadvantaged and non-disadvantaged pupils from their starting point.

Activity in this academic year 2021/22, 2022/23, 2023/24

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year (2021/22)** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost:

Weston Infant Academy £10,000

Weston Junior Academy £10,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Introducing Word Aware across KS2 and KS1</p> <p>Undertaking the Voice 21 Oracy Project Audit to develop oracy and vocabulary across the Weston Federation to support language acquisition and metacognition.</p>	<p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/oral-language-interventions</p>	4
<p>Developing early literacy approaches with particular reference to the new EYFS framework (Sept 21) and the Foundations of Literacy Report (Jul 21), ensuring a consistent approach to the teaching of early reading and ensuring newly purchased decodable reading books are in use at Weston Infant Academy.</p>	<p>https://educationendowmentfoundation.org.uk/education-evidence/early-years-toolkit/early-literacy-approaches?utm_source=/education-evidence/early-years-toolkit/early-literacy-approaches&utm_medium=search&utm_campaign=site_searchh&search_term</p> <p>https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1000986/Reading_framework_Teaching_the_foundations_of_literacy_-_July-2021.pdf#</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics</p>	5

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost:

Weston Infant Academy £24,000

Weston Junior Academy £53,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Additional phonic and reading</p>	<p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/phonics</p>	4

sessions for targeted pupils		
Nuffield Early Language Programme	https://www.nuffieldfoundation.org/project/nuffield-early-language-intervention	5
Approved maths intervention packages	https://educationendowmentfoundation.org.uk/education-evidence/guidance-reports/maths-ks-2-3	6

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost:

Weston Infant Academy £20,000

Weston Junior Academy £30,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Provision of free breakfast club for disadvantaged pupils and daily toast in class for all pupils, ensuring no pupil begins the school day hungry. This is within a context of high attainment for all. Breakfast is provided for all pupils.	https://educationendowmentfoundation.org.uk/news/eef-statement-republication-of-the-evaluation-of-school-breakfast-clubs	1, 2
Provision of free after school club for disadvantaged pupils who have siblings attending extra-curricular clubs.	School observations have shown that pupils are more likely to attend if after school club provision is available for siblings.	
Updated attendance letters sent out monthly. EW0 and Attendance Lead support to families to improve their	https://www.gov.uk/government/publications/school-attendance/framework-for-securing-full-attendance-actions-for-schools-and-local-authorities	

<p>child's attendance. Use of minibus to take siblings from Weston Infant Academy to Weston Junior Academy and back to the Infant Academy</p>		
---	--	--

Total budgeted cost:

Weston Infant Academy £10,000 + £24,000 + £20,000 + £4320 = £58,320

2021 -2022

At Weston Infant Academy 16 pupils are eligible for school led tutoring grant funding 75% (£3240) is provided, the school will use the Pupil Premium funding to provide the other 25% (£1080) a total amount of £4320)

2022-2023

At Weston Infant Academy 25 pupils are eligible for school led tutoring grant funding 60% totalling £4050 (25 pupils x 15 hours each = 375 hours), the school will use the Pupil Premium Recovery funding to provide the other 40% (£2700) a total amount of £6750.

2023-2024

At Weston Infant Academy 21 pupils are eligible for school led tutoring grant funding 50% totalling £1417.50 with each pupil receiving £67.50 from the DFE (each pupil will receive £9 per hour per pupil for 15 hours). The school will use the Pupil Premium Recovery funding to provide the other 50% (£1417.50) giving a total amount of £2835. This will mean that each pupil receives £135 to be used to provide 15 hours of school led tutoring.

Weston Junior Academy £10,000 + £53,000 + £30,000 + £11,070 = £104,070

2021-2022

At Weston Junior Academy 41 pupils are eligible for school led tutoring grant funding 75% (£8302.50) is provided, the school will use the Pupil Premium funding to provide the other 25% (£2767.50) a total amount of £11,070.

2022-2023

At Weston Junior Academy 69 pupils are eligible for school led tutoring grant funding 60% totalling £11,178.00 (69 pupils x 15 hours = 1035 hours), the school will use the Pupil Premium Recovery funding to provide the other 40% (£7452) a total amount of £18,630

2023-2024

At Weston Junior Academy 58 pupils are eligible for school led tutoring grant funding 50% totalling £3915 with each pupil receiving £67.50 from the DFE (each pupil will receive £9 per hour per pupil for 15 hours). The school will use the Pupil Premium Recovery funding to provide the other 50% (£3915) giving a total amount of £7830. This will mean that each pupil receives £135 to be used to provide 15 hours of school led tutoring.

Part B: Review of outcomes in the previous academic year (2020/21)

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the **2020 to 2021** academic year.

Due to COVID-19, performance measures have not been published for 2020 to 2021, and 2020 to 2021 results will not be used to hold schools to account.

The academic year 2020-21 was heavily impacted by Covid 19, national lockdowns and the restrictions caused by pupils and staff being placed in bubbles.

There was no statutory requirement to undertake national tests or submit end of year data, apart from the Year 1 Phonic Screen which was rescheduled to December 2020. However, our in-house data reflects the national picture identifying maths as an area of consideration for disadvantaged pupils.

End of Key Stage data 2020-21 (school in house) gap between PP and non PP pupils

Reading 15% (18-19 last statutory data submitted 17%)

Writing 12% (18-19 last statutory data submitted 16%)

Maths 18% (18-19 last statutory data submitted 13%)

Phonics Screen (Dec 2020) 77.2% vs 78.8% National – 24.6% of PP pupils passed the phonic screen as compared to 52.6% of non-PP a gap of 28%.

Reading 34% (18-19 last statutory data submitted 18%)

Writing 26.6% (18-19 last statutory data submitted 2%)

Maths 52.8% (18-19 last statutory data submitted 31%)

Priorities:

1 CPD - Staff were able to access CPD from the Trust and LA remotely.

2 Phonics – EYFS and KS1 have accessed Opportunity Area funding to purchase decodable readers.

3. Attendance –PP attendance 20-21 was 93.9% v Non PP 96.3% - a gap of 2.4% for the academic year.

Post Lockdown (March 8th – July 23rd) PP attendance 20-21 was 93.6% v Non PP 95.9% - a gap of 2.3%.

Although the gap has narrowed from 18/19 – 4.1% this is an area that will continue to be monitored.

Attendance –PP attendance 20-21 was 92% v Non PP 96.5% - a gap of 5.5% for the academic year.

Post Lockdown (March 8th – July 23rd) PP attendance 20-21 was 90.7% v Non PP 96.2% - a gap of 5.5%.

Attendance across school was impacted in Summer 2 by the lifting of the post Covid travel restrictions.

Targeted academic support:

1 Software licenses – all SLAs renewed, iPads have been purchased – see our Covid 19 Catch up Premium Report.

2 Speech and Language Programmes – School Readiness assessments undertaken and Language Steps delivered. WIA is accessing the free NELI training provided by the DFE.

PIVATS has been delivered but groupings and timetabling has been impacted on by restrictions when implementing bubbles.

Wider Strategies for the current year:

1 Subsidised breakfast club remained available and is accessed by PP families.

2 Extra Curricular Clubs did not run during the academic year 2020-21 due to Covid restrictions.

3 – HSLW Sparkles programme did not run due to lockdown.

4 Educational visits did not take place during the academic year 2020-21 due to Covid restrictions.

Monitoring and Implementation:

Teaching – staff accessed CPD remotely

Assistant SENCO has protected time

Better Together has been replaced by Children’s Advice and Duty Service (ChAD) also known as Front Door.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider

Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following information:

Measure	Details
How did you spend your service pupil premium allocation last academic year?	
What was the impact of that spending on service pupil premium eligible pupils?	

Part B: Review of the previous academic year (2021/22)

Outcomes for disadvantaged pupils

We have analysed the performance of our school's disadvantaged pupils during the 2021/22 academic year using key stage 1 and 2 performance data, phonics check results and internal assessments.

COVID-19 had a significant impact on the education system and because of this, it is more difficult to interpret why the results are as they are using the data alone. We have taken into account comparisons with local and national levels, and also looked at pre-pandemic scores from 2019, in order to assess how the performance of our disadvantaged pupils has changed during this period.

The attainment gap between our Pupil Premium and Non Pupil Premium children narrowed in reading, writing and maths in the 2021 to 2022 academic year, compared to the previous year.

Challenges

1 Post Covid Recovery and Stamina for learning

2 Attendance

PP attendance 21-22 was 92.5% v Non PP 93.9% - a gap of 1.4% for the academic year. This compares to a post lockdown gap (3/22 – 7/22) of 2.3%

10% (4/40) PP pupils were PA the end of the academic year compared to 6.2% (8/127) non PP pupils (statutory covid removed)

Attendance – PP attendance 21-22 was 90.2% v Non PP 94.1% - a gap of 3.9% for the academic year. This compares to a post lockdown gap (3/22 – 7/22) of 5.5%

25.4% (14/55) PP pupils were PA the end of the academic year compared to 12.9% (14/108) non PP pupils (covid removed)

Attendance across school was impacted in Summer 2 by families taking term time holidays. School will review the impact of holidays on individual pupils' attendance and fines may be issued – a letter was shared with parents in September 2022.

The system for monitoring attendance has been further developed with the support of the Education Welfare Officer.

Attendance at Weston Infant and Junior Academies remains a focus.

3 Parental Engagement

The introduction of the new Monster Phonics scheme has engaged parents more with their child's reading at Weston Infant Academy.

Parents were able to join us for Sports Days and End of Year Awards ceremonies strengthening the relationship between home and school. The Federation Stay and Play group was relaunched in September 22 to develop early links between home and school. Celebration assemblies, Parental Workshops and Craft sessions were reintroduced from September 2022.

4 Oracy and vocabulary

Covid and lockdown have had a large impact on communication and social skills at the end of Nursery. On entry assessments for 21-22 showed 100% of the nursery cohort were Not Yet There in Communication and Language. At the end of the summer term 83.3% PP (5/6) pupils had reached expected levels in Communication and Language compared to 92.5% non PP pupils (25/27). At the end of EYFS PP 55.5% (5/9) pupils attained the expected standard in C&L Speaking compared to 85.1% non PP (23/27) SEN included (83.3% v 95.8%).

Staff at Weston Infant Academy introduce new key vocabulary to the pupils and discuss the meaning of the words with them. Pupils are then encouraged to use this vocabulary in their spoken and written work.

At Weston Junior Academy the Word Aware strategy is now embedded in planning.

The Oracy Project will be introduced across Weston Infant and Junior Academies in 22-23.

5 Early Reading Skills

On entry assessments for 21-22 showed 100% of the nursery cohort were Not Yet There in Literacy at the end of the year 16.6% of PP pupils were at expected levels compared to 76% of non PP pupils.

The end of 21-22 Phonic Screen showed at the end of year 1 50% of PP pupils passed the Phonic Screen compared to 60% of non PP Pupils.

Monster Phonics was introduced at Weston Junior Academy during the Summer Term 2021-22 as an intervention.

Phonics will remain an area of focus at both Weston Infant Academy and Weston Junior Academy. Monster Phonics will be used in Y3 at Weston Junior Academy from September 2022 to support those pupils who did not achieve a pass in their Y2 phonic screen.

6 Maths Skills

2021/22 showed the narrowest gap in maths attainment between PP and non PP pupils within the last 3 years.

Targeted academic support

1 Additional phonics and reading sessions for targeted pupils – Monster Phonics introduced and additional sessions implemented for those who needed it. Pivats groups were delivered targeting phonics and reading.

Targeted support for phonics will continue to take place across Weston Infant and Junior Academies.

2 WIA has used the NELI programme provided by the DFE. Although the delivery of this has been impacted by staff and pupil absence. A decision has been made to continue to support the now Y1 pupils with NELI alongside the new Reception cohort from September 22

3 Headstart Maths assessment has been purchased to identify gaps in pupil knowledge. This will enable more effective identification of pupils requiring maths intervention and will measure progress and impact.

Wider Strategies for the current year

1 Subsidised breakfast club remained available and is accessed by PP families.

2 Extra Curricular Clubs returned in the 21-22 academic year, PP siblings were able to access free after school provision if their sibling was attending an extra-curricular club.

3 The attendance lead worked closely with the Education Welfare Officer to introduce new attendance letters and a new tracking system allowing a more targeted approach to improving attendance. Attendance clinics began again.

The minibus was used to take siblings from Weston Infant Academy to Weston Junior Academy and was accessed by some PP families. From September 2022 the minibus has also collected from Weston Junior Academy and taken pupils to Weston Infant Academy.

Monitoring and Implementation

Teaching – staff accessed CPD remotely including Monster Phonics

These results mean that we are continuing our journey to achieve our outcomes that we set out to achieve by 2024. We will continue to with the planned activities from 2021/22 for the next academic year to ensure we are closer to our outcomes. Continual evaluation will assist our journey.

Part B: Review of the previous academic year (2022/23)

Outcomes for disadvantaged pupils

We have analysed the performance of our school's disadvantaged pupils during the 2022/23 academic year using key stage 1 and 2 performance data, phonics check results and internal assessments.

COVID-19 had a significant impact on the education system and because of this, it is more difficult to interpret why the results are as they are using the data alone. We have taken into account comparisons with local and national levels, and also looked at pre-pandemic scores from 2019, in order to assess how the performance of our disadvantaged pupils has changed during this period.

The attainment gap between our Pupil Premium and Non Pupil Premium children narrowed in reading, writing and maths in the 2021 to 2022 academic year, compared to the previous year.

Challenges

1 Post Covid Recovery, stamina for learning and parental engagement.

2 Attendance

- **Attendance 22-23:**

At Weston Infant Academy at the end of 2023, 9/33 27.3% of all statutory school aged Pupil Premium pupils were classed as PA compared to 14/111 12.6% of all statutory aged non Pupil Premium pupils.

At the end of 22-23, attendance of statutory-aged Pupil Premium pupils was 90.6% and non-pupil premium was 93.8%.

At Weston Junior Academy at the end of 2023 attendance data showed that 16/68 23.5% of the Pupil Premium pupils were classed as PA compared to 15/176 8.5% of the non-Pupil Premium pupils.

At the end of 22-23, attendance of Pupil Premium pupils was 93.3% and non-Pupil Premium pupils was 95.2%.

- The system for monitoring attendance has been further developed with the support of the Education Welfare Officer and a new SBMAT policy has been implemented.
- Attendance at Weston Infant and Junior Academies remains a focus, particularly Persistent Absence.
- The Vice Principal continues to monitor attendance on a weekly basis.

3 Parental Engagement

The introduction of the new Monster Phonics scheme has engaged parents more with their child's reading at Weston Infant Academy and has had an impact on pupil outcomes following the phonics screen data of June 2023 which increased by 21% from 57% to 78%.

Parents have attended face-to-face parents' evenings, have been invited into school to attend performances and to watch their children received awards during celebration assemblies.

4 Oracy and vocabulary

Covid and lockdown have had a large impact on communication and social skills at the end of Nursery. On entry assessments for 21-22 showed 100% of the nursery cohort were Not Yet There in Communication and Language. At the end of the summer term 83.3% PP (5/6) pupils had reached expected levels in Communication and Language compared to 92.5% non PP pupils (25/27). At the end of EYFS PP 55.5% (5/9) pupils attained the expected standard in C&L Speaking compared to 85.1% non PP (23/27) SEN included (83.3% v 95.8%).

Staff at Weston Infant Academy introduce new key vocabulary to the pupils and discuss the meaning of the words with them. Pupils are then encouraged to use this vocabulary in their spoken and written work.

At Weston Junior Academy the Word Aware strategy is now embedded in planning.

The Oracy Project will be introduced across Weston Infant and Junior Academies in 22-23, particularly in the Early Years where the development of Communication and Language will be an area of focus.

5 Early Reading Skills

At Weston Infant Academy, there has been a significant impact on pupils achieving the expected standard in the Phonics screen this year with 78% of all pupils achieving the pass mark of 32 or above. 50% (5/10) of Pupil Premium pupils passed the screen in comparison to 88.8% (24/27) of non-Pupil Premium pupils. The Monster Phonics scheme is now embedded and clear impact can be seen on all pupils.

End of KS1 data in Reading increased from 50% to 68.9% for all pupils achieving at least the expected standard of attainment.

6 Maths Skills

In 2023, at Weston Infant Academy, there was an increase from 54% to 68.9% for all pupils achieving at least the expected standard of attainment in Maths.

At Weston Infant Academy at the end of July 2023, the gap between Pupil Premium pupils and Non Pupil Premium pupils was +0.4 in reading, +3.6 in writing and +0.4 in Maths.

At Weston Junior Academy, at the end of July 2023, the gap between Pupil Premium pupils and Non Pupils Premium pupils was -20.9 in reading, -8.6 in writing and -18.1 in maths. Therefore, the gap had widened again with this cohort.

Targeted academic support

- School-led tutoring funding was used for small group intervention sessions at Infant site for phonics and at the Junior site for Maths.
- WIA has used the NELI programme provided by the DFE. Although the delivery of this has been impacted by staff and pupil absence. A decision has been made to continue to support the now Y1 pupils with NELI alongside the new Reception cohort from September 22.
- 1:1 iPads have been purchased for all year groups from Y1-Y6 to support individual pupil progress.
-

Wider Strategies for the current year

1 Subsidised breakfast club remained available and is accessed by PP families.

2 Extra Curricular Clubs returned in the 21-22 academic year, PP siblings were able to access free after school provision if their sibling was attending an extra-curricular club. These continue to be in place.

3 The attendance lead worked closely with the Education Welfare Officer to introduce new attendance letters and a new tracking system allowing a more targeted approach to improving attendance. Attendance clinics began again. A new SBMAT policy is now in place.

The minibus was used to take siblings from Weston Infant Academy to Weston Junior Academy and was accessed by some PP families. From September 2022 the minibus has also collected from Weston Junior Academy and taken pupils to Weston Infant Academy. This continues to promote improved attendance.

Monitoring and Implementation

Teaching – staff accessed CPD remotely including Monster Phonics
